

SECURITY SUPPLEMENT

1. A representative of the Security Section, Development Projects Division has been selected as a IFD member of the CIA Air Task Force to render security guidance, process security clearances and effect other appropriate security support to the air phase of the operation. Responsibilities delegated to IFD Security are as follows:

- (a) Provide security clearances on all participating air personnel in accordance with [REDACTED]
- (b) Provide security staff guidance to the air operation through the medium of the Security representative to the Agency Air Task Force.
- (c) Establish and maintain appropriate physical security safe guards within the air operational areas.
- (d) Provide suitable screening of indigenous type air personnel utilized in the operation for housekeeping and other support functions.
- (e) Conduct security and cover briefings of all participating air personnel.
- (f) Establish procedures to assure that no participating air personnel are ever in possession of conflicting or compromising documentation, or personal effects.
- (g) Investigate and react to security violations and incidents effecting the security of the air operation.
- (h) In coordination with the Intelligence Officer, establish procedures for monitoring and investigating evidences of hostile penetration.
- (i) Conduct liaison with other Government Agencies in matters relating to the security of the air operation.

2. IFD Headquarters, through the Security representative to the Agency Air Task Force, will:

- (a) Provide staff security guidance for the air operation.
- (b) Process necessary clearance action and requests for special security support to the Office of Security.
